If so, has the annexing local government adopted a new DRI development order for the project?

The following is a summary of all modifications or amendments to the DRI which have taken place since the recording of the Amended and Restated Development Order in September of 1993 (St. Johns County Ordinance Number 93-43 and Resolution 93-159), including dates, Resolution numbers, and a brief description of each:

Identify such land, its size, intended use, and adjacent non-project land uses within ½ mile on a project master site plan or other map.

None.

9. Indicate if the proposed change is less than 40% (cumulatively with other previous changes) of any of the criteria listed in Paragraphs 380.06(19)(b), Florida Statutes.

Do you believe this notification of change proposes a change which meets the criteria of Subparagraph 380.06(19) (e)2., F.S.
10. Does the proposed change result in a change to the buildout date or any phasing date of the project? If so, indicate the proposed new buildout or phasing dates.

6. Proposed amended development order specifications for the annual report, including the date of submission, contents, and parties to whom the report is submitted as specified in Subsection 9J-2.025 (7), F.A.C.

RE: Julington Creek DRI – Notice of Proposed Change – NEFRPC review

Dear Mr. Stansbury:

NEFRPC staff has reviewed the Notice of Proposed Change for the Julington Creek DRI located in northwest St. Johns County, received February 4, 2002. The following recommendation is based upon our review and should serve to aid the DCA in determining whether the proposed changes constitute a substantial deviation.

To summarize the proposed change, the applicant requests a substitution of master developers of the Julington Creek DRI. The proposed Master Developer is D.R. Horton, Inc. – Jacksonville. This company has acquired and continues to acquire undeveloped single-family residential portions of the DRI from the Julington Partners Limited Partnership. Due to the nature of the request, NEFRPC staff did not request comments from any other reviewing agency.

Staff Recommendation:
NEFRPC staff reviews notice of proposed changes to approved DRIs pursuant to Section 380.06 (19), Florida Statutes. Under those guidelines, staff believes the change as submitted in the NOPC application, will not result in any additional impacts, and therefore does not constitute a substantial deviation. Specifically, this change does not constitute a substantial deviation pursuant to the criteria outlined in Section 380.06(19) (e) 2 a, Florida Statutes. Should you have any questions regarding this recommendation, please contact me at (904) 279-0880.
