ST. JOHNS COUNTY
RESOLUTION NO. 2012-292

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF
ST. JOHNS COUNTY, STATE OF FLORIDA, MODIFYING THE JULINGTON
CREEK PLANTATION DRI RESTATE DEVELOPMENT ORDER,
RESOLUTION NO. 1993-159, AS AMENDED; FINDING THE MODIFICATION
DOES NOT CONSTITUTE A SUBSTANTIAL DEVIATION;
AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, D.R. Horton, Inc. (Applicant) submitted a Notice of Proposed Change
("NOPC") to the Julington Creek Plantation Development of Regional Impact (DRI) dated
June 19, 2002, requesting modification to the Development Order and Master Plan Map H
to authorize the development of offices on two parcels (61 and 90) and revise the phasing
schedule.

WHEREAS, the development of new office space in St. Johns County will generate
jobs and improve the tax base; and

WHEREAS, the applicant submits that the changes proposed in the NOPC do not
constitute a substantial deviation pursuant to the terms of Section 380.06(19) of the Florida
Statutes; and the applicant has provided evidence that such changes do not constitute a
substantial deviation under any provision of Section 380.06(19) of the Florida Statutes; and

WHEREAS, the Board of County Commissioners has reviewed the NOPC and
considered the evidence presented and whether the proposed modification constitutes a
substantial deviation to the DRI requiring further DRI review at a public hearing held

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY
COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA:

1. The following facts and conclusions of law are established by clear and convincing
evidence to support this Resolution:

   a. The requested changes do not constitute a substantial deviation pursuant to the
terms of Section 380.06(19) of the Florida Statutes because there is no change in
either the development rights or increase in impacts from those approved
Julington Creek Plantation DRI Development Order.

   b. The changes requested in the NOPC are consistent with the Land Development
code of St. Johns County, as amended.

   c. The changes requested in the NOPC are consistent with and further the
objectives of the St. Johns County Comprehensive Plan 2025.
2. The legal description is included as Exhibit A.

3. The Julington Creek Plantation DRI Development Order and Master Plan Map H are hereby modified by approval of the following specified changes:
   a. Revise Map H included as Exhibit B to change the use designation for Parcels 61 and 90 to Commercial (C) which incorporates office use; update the phasing schedule; reduce multi-family by 191 units from 961 to 770.
   b. Revise the master phasing schedule included as Exhibit C.
   c. Provide description of changes in Master Development Plan Narrative included as Exhibit D.
   d. Introduce a conversion rate for residential, office and commercial, as provided in Table 1 included as Exhibit E.
   e. Expand the allowable office development from 40,000 s.f. to 120,000 s.f.; by converting residential to office using the conversion rates in the NOPC, as described in Table 2 included as Exhibit F.
   f. Extend phasing by 8 years, resulting in a new build out date of December 31, 2017, as described in Exhibit G.

4. Except as modified by this resolution, the existing Julington Creek Plantation DRI Development Order shall remain in full force and effect.

5. A certified copy of this resolution, complete with all exhibits, shall be rendered by St. Johns County within ten (10) days of its adoption by certified mail, return receipt requested to the Developer, the Florida Department of Economic Opportunity, and the Northeast Florida Regional Council.

6. This Resolution shall take effect upon its adoption.
PASSED AND APPROVED BY THE BOARD OF COUNTY COMMISSIONERS OF
ST. JOHNS COUNTY, FLORIDA THIS 2 DAY OF Oct., 2012.

Notice of Proposed Change to Julington Creek DRI
Major Modification to Julington Creek PUD

The changes proposed in this Notice of Proposed Change to the DRI and companion PUD Major Modification would establish up to 80,000 s.f. of office development rights on Parcels 61 and 90. D.R. Horton, Inc. (Applicant) intends to develop as a new corporate office complex, as well as, pursue opportunities for additional development of office and neighborhood support services. Unless specifically addressed in this application, no changes are proposed to the rights and conditions in the PUD.

The changes proposed to the DRI/PUD include the following:

- Provide Extensions of Time as shown in the Table of Extended Expiration Dates Table below, including the extension of time for the build out date from 12-15-2009 to 12-15-2017.

- Add Land Use Conversion Table to the DRI.

- Change the use of Parcels 61 and 90 on Map H from Vacant to C (Commercial) to allow an increase of 80,000 sq. ft. of commercial through a conversion and or reduction of 191 MF units.

- Update the Master Phasing schedule to reflect the changes in phasing and entitlements for office and multi-family.

- Update the Master Plan Table to reflect the change in uses for the office parcels and reduction in multi-family units.

The multi-family reductions are as follows:

The proposed changes to Map H and MDP are as follows. The use designation for Parcels 61 and 90 is changed from vacant to C (commercial). As described in Note 3 on the MDP, office development is incorporated within the commercial sites on Map H. The wetland delineation for the office parcels have been updated based on recent field work, and accordingly the uplands acreages have also been updated. The Master Phasing Schedule for Julington Creek Plantation is included on Map H/MDP and is updated to reflect the change to the phasing dates for Phase 3 and build out, as well as, the changes in entitlements for office and multi-family.

Office has been increased from 40,000 sq. ft. to 120,000 sq. ft., in order to make available 80,000 sq. ft. for the Horton regional office and complex development. Utilizing the land use exchange rates in this NOPC Conversion Table, 191 units of MF converted to 80,000 sq. ft. of office. This results in no increase in traffic. The Julington Creek DRI has previously mitigated for all transportation impacts.

The build out date for the DRI is extended 8 years, revising from a current build out date of 12-15-2009 to 12-15-2017. The first three years consist of the 2007 SB 360, the next year is allowed by 2011 SB 2156 and related Executive Orders for an additional 10 months and 24 days rounded up to one year for the convenience of tracking and implementation, and the last 4 years allowed by 2012 HB 503. These extensions are necessary due to the depressed real estate market over the last several years. While the applicant intends to develop the first phase of corporate office in the near future, it is anticipated that there may be a need for additional time to develop the balance of the office entitlement. Revisions to the dates are shown in the Table below:

The scenic edge along Race Track Road shall be 30 feet in depth. Buildings fronting Race Track Road shall be oriented as close as possible to the scenic edge. No employee parking shall be located between the buildings closest to Race Track Road and shall be located to the side and rear of buildings. One aisle for visitor parking (parking on both sides) shall be allowed on the side of buildings closest to Race Track Road. The landscape design shall strive to save existing trees in the scenic edge where feasible to do so. Within every 100 feet in the portions of the scenic edge where existing vegetation is disturbed, a
minimum of 4 canopy trees shall be planted. In areas where the existing vegetation is not disturbed, there is no requirement for additional planting. Unless specifically provided for herein, the project shall also comply with the screening requirements in LDC Sec. 6.06.03.

Notes:
1) Conversion Rates are based on trip rates from the 8th Edition of the ITE Trip Generation Manual
2) No Minimum or Maximum amount is proposed for the land uses since the DRI being nearly built-out and a mix of uses has been established

Examples:
1) When converting single family residential to multi family multiply the number of single family units by 1.63 calculate the number of multi family units.
2) When converting multi-family residential to office multiply the number of multi-family units by 0.42 and then by 1,000, to calculate the equivalent square footage of office space.
