ST. JOHNS COUNTY
RESOLUTION NUMBER 2009-87

WHEREAS, SONOC Company, L.L.C., has submitted a Notice of Proposed Change to the Nocatee Development of Regional Impact (DRI) dated December 26, 2007, as amended, requesting modification of portions of the Development Order described in the Notice of Proposed Change text dated February 23, 2009 (the "NOPC"); and

WHEREAS, the Developer submits that the changes proposed in the NOPC do not constitute a substantial deviation pursuant to the terms of Section 380.06(19) of the Florida Statutes and the Developer has provided evidence that such changes do not constitute a substantial deviation under any provision of Section 380.06(19) of the Florida Statutes; and

WHEREAS, the Board of County Commissioners has reviewed the NOPC and considered the evidence presented and whether the proposed modification constitutes a substantial deviation to the DRI requiring further DRI review at a public hearing held April 7, 2009, after required notice; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY FLORIDA:

1. The requested changes do not constitute a substantial deviation pursuant to the terms of Section 380.06(19) of the Florida Statutes because there is no change in either the number of development rights or increase in impacts from those approved in the original Nocatee DRI Development Order, Resolution 2001-30, as amended, prior to this change.

2. The changes requested in the NOPC are consistent with the Land Development Code of St. Johns County, as amended.

3. The changes requested in the NOPC are consistent with and furthers the objectives of the St. Johns County Comprehensive Plan 2015.

4. The Nocatee DRI Development Order, Resolution 2001-30, as amended, is hereby modified by approval of the following specific changes:
a. Addition of land to the Nocatee DRI Development Order as shown on the revised Nocatee DRI Development Order legal description attached hereto at Exhibit 1.

b. Modification of text to Special Conditions 2, 4, 16(a), 16(b), 17, 21(b), 29, 31 and addition of new Special Condition 33A to the Nocatee DRI Development Order as shown on Exhibit 2 attached hereto.

c. Modification of Nocatee DRI Development Order Master Plan (Map H-1) and Master Circulation Plan (Map H-2) as shown on Exhibit 3 attached hereto.

d. Modification of Nocatee Conversion Table (Exhibit 4) as shown on Exhibit 4 attached hereto.

e. Addition of new map exhibits (HyDry Parcel Map and Intracoastal Frontage Map) to the Nocatee DRI Development Order as shown on Exhibit 5 attached hereto.

5. Except as modified by this Resolution, the existing Nocatee DRI Development Order shall remain in full force and effect.

6. A certified copy of this Resolution, complete with all exhibits, shall be rendered by St. Johns County within ten (10) days of its adoption by certified mail, return receipt requested to the Developer, the Florida Department of Community Affairs, and the Northeast Florida Regional Council.

7. This Resolution shall take effect upon its adoption.

PASSED AND ENACTED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA, THIS 7th DAY OF April, 2009.

Parcel 2

A part of Section 2, Township 5 South, Range 28 East, St. Johns County, Florida, being all of those lands described as Parcel 2 in Deeds recorded in Official Records Book 979, Page 1807 and Official Records Book 979, Page 1810, Public Records of said County.
January 13, 2000

Legal Description

TRACT "F"

A tract of land comprised of the East ¼ of Section 12 and the Northeast ¼ of Section 13, Township 5 South, Range 28 East, St. Johns County, Florida, has and except that portion lying within the boundary of Subdivision of Hidden recorded in Map Book 3, Page 59, of the Public Records of said County.

Less and except the following described parcel:

A part of Section 13, Township 5 South, Range 28 East, St. Johns County, Florida, being more particularly described as follows:

For the Point of Beginning, commence at the intersection of the Southerly right of way line of North East Second Street, a 40 foot right of way as shown on plat of Subdivision of Hidden, recorded in Map Book 3, Page 59 of the public records of said county, with the Northeasterly right of way line of Fifth Avenue, a 40 foot right of way as shown on said plat of Subdivision of Hidden; thence South 52° 40' 30" West, along the Southerly right of way line, 588 feet to the Easterly line of those lands as described and recorded in Official Records Book 1230, Page 1153, of said public records; thence South 90° 43' 58" East, along said Easterly line, 222 feet to the Northerly line of those lands described and recorded in Official Records Book 703, Page 781, of said public records; thence North 88° 24' 40" East, along the Northerly lines of the lands described and recorded in said Official Records Book 703, Page 781, Official Records Book 704, Page 1135, Official Records Book 807, Page 1537, and Official Records Book 1185, Page 526, all being recorded in said public records, 944 feet to an intersection with the Southerly prolongation of said Northeasterly right of way line of Fifth Avenue; thence North 40° 54' 24" West, along said Southerly prolongation, 730 feet to the Point of Beginning.
September 10, 1999

TRACT "C"

That portion of Section 37, Township 5 South, Range 28 East, St. Johns County, Florida described in deed recorded at Official Records Book 675, Page 350, public records of said county.
September 10, 1999

TRAJECTORY

Work Order No. 598-354

Pared 1

A tract of land comprised of all or portions of surveyed and unsurveyed Sections 3, 10 and 15; all of Sections 4, 5, 7, 8, 9, 16, 17, 18, 20, 21, 39, 62, 63, 64, 65, 66, and portions of Sections 6, 19 and 61, Township 5 South, Range 29 East, St. Johns County, Florida, said tract being more particularly described as follows:

For Point of Beginning, commence at the Northeast corner of Section 6, Township 5 South, Range 29 East, and run South 89° 27' .34" West, along the Northerly line of said Section, a distance of 5265.38 feet to its point of intersection with the Southwesterly right of way of Palm Valley Road, County Road No. 210; run thence South 55° 21' .50" West, along said right of way line, a distance of 88.75 feet to a point on the Westerly boundary of said Section; run thence South 00° 56' 57" West, along said Section line, a distance of 3407.34 feet to the Southwest corner of said Section; run thence South 02° 32' .48" East, along the Westerly boundary of Section 7, said Township and Range, a distance of 5311.03 feet to the Southwest corner thereof; run thence South 01° 38' .27" East, along the Westerly line of Section 18, said Township and Range, a distance of 4090.80 feet to the Northwesterly corner of Section 40; run thence along the boundary of said Section 40 as follows: first course, South 55° 40' .59" East, a distance of 1887.09 feet; second course, South 79° 34' .02" East, a distance of 639.79 feet; third course, South 07° 57' .59" East, a distance of 1679.82 feet; fourth course, North 59° 54' .33" West, a distance of 2797.08 feet to the Southwesterly corner of said Section; run thence South 01° 29' 54" East, along the Westerly line of Section 19, aforesaid Township and Range, a distance of 395.62 feet to the Northeast right of way line U.S. Highway 1, State Road No. 5; run thence South 37° 55' .34" East, along said right of way line, a distance of 3131.90 feet to its point of intersection with the Northerly line of Section 41, said Township and Range and the Northerly boundary of Woodland Heights according to the plat recorded in Map Book 3, Page 78, Public Records of St. Johns County, Florida; run thence South 74° 56' .37" East, along said Section line and subdivision line, a distance of 1096.67 feet; run thence North 13° 29' .52" West, along said subdivision line, a distance of 183.21 feet; run thence North 02° 39' .45" East, along said subdivision line, a distance of 265.41 feet; run thence South 89° 01' 13" East, along said subdivision line and its Easterly projection, a distance of 574.74 feet to the Easterly right of way line of Old Dixie Highway lying on the Westerly line of Official Records Book 1353, Page 1476, Public Records of said County; run thence South 15° 19' .35" East, along said line, a distance of 1354.50 feet to a point on the Southerly boundary of aforesaid Section 19; run thence North 88° 30' 30" East, along said Southerly boundary, a distance of 1401.68 feet to the Southeast corner of said Section; run thence North 89° 10' 44" East along the Southerly line of Section 20 and 21, and its Easterly projection, a distance of 8762.95 feet, more or less to the center of the run of an unnamed creek (Sweetwood Creek); run thence Northeasternly along the center of said run following the meanderings of same, to its point of intersection with the line dividing unsurveyed Sections 15 and 22, said point of intersection bearing North 28° 40' .40" East and distance 5998.15 feet from last said point; run thence North 89° 17' 02" East, along said Section line, a distance of 2378.54 feet to a point on the Westerly right of way line of the Intracoastal Waterway, per Deed Book 193, Page 387, Public Records of said County; run thence in a Northerly direction along the West edge of the waters of the Tolomato River to a point on the North boundary of said Township 5 South, Range 29 East, said waters edge being traversed as follows: first course, North 07° 25' .34" West, along said Westerly right of way

Work Order No. 09-021.00
File No. 120E-24

Tolomato CDD U.S. Highway No. 1
Annexation Parcel

Being a portion of Tracts 9 and 10 of Durbin Farms, an Unrecorded Subdivision, lying in a portion of Sections 2 and 3, Township 5 South, Range 28 East, St. Johns County, Florida, being more particularly described as follows:

For a Point of Reference, commence at the Northeast corner of said Section 2, thence South 01°10'10" East, along the Easterly line of said Section 2, a distance of 2691.44 feet to the Southeast corner of the North 1/2 of said Section 2; thence South 89°16'07" West, along the Southerly line of said North 1/2 of Section 2, a distance of 5082.24 feet to a point lying on the Southwesterly right of way line of Old Dixie Highway, a 50 foot right of way as presently established, and the Point of Beginning.

From said Point of Beginning, thence South 23°06'23" East, along said Southwesterly right of way line of Old Dixie Highway, 327.06 feet to the Northeast corner of those lands described and recorded in Official Records Book 2790, page 134 of the public records of said county; thence South 89°18'24" West, departing said Southwesterly right of way line, and along the Northerly line of said Official Records Book 2790, page 134, a distance of 599.57 feet to the Northwest corner thereof; thence South 23°52'38" East, along the Westerly line of said lands, 99.93 feet to the Northeast corner of those lands described and recorded in Official Records Book 1497, page 1467 of said public records; thence Westerly, along the Northerly line of said Official Records Book 1497, page 1467, the following five (5) courses: Course one, thence South 89°18'59" West, departing said Westerly line, 380.52 feet; Course two, thence North 41°01'01" West, 88.31 feet; Course three, thence South 48°58'59" West, 99.92 feet; Course four, thence South 40°57'50" East, 49.92 feet; Course five, thence South 49°28'42" West, 125.00 feet to the Northerly most corner of those lands described and recorded in Official Records Book 2945, page 1207 of said public records; thence South 41°00'01" East, departing said Northerly line, and along the Northeasterly line of said Official Records Book 2945, page 1207, a distance of 208.78 feet to the Southeast corner thereof, said corner also lying on the Southerly line of said Official Records Book 1497, page 1467; thence North 89°23'18" East, along said Southerly line, 314.45 feet to the Easterly most corner of those lands described and recorded in Official Records Book 2744, page 1655 of said public records; thence South 68°56'58" West, departing said Southerly line of Official Records Book 1497, page 1467, along the Southerly line of said Official Records Book 2744, page 1655, and along the Southerly line of those lands described and recorded in Official Records Book 1497, page 1467, a distance of 1314.45 feet to the Northwest corner of those lands described and recorded in Official Records Book 1497, page 1467, and thence North 1°00'00" East, along said Northeastly line of said Official Records Book 1497, page 1467, 0 feet to the Point of Beginning.
Records Book 2918, page 1119 of said public records, a distance of 307.96 feet to a point lying on the Northeasterly right of way line of U.S. Highway No. 1 (State Road No. 5), a variable width right of way as presently established; thence along said Northeasterly right of way line the following three (3) courses: Course one, thence North 41°00'51" West, departing said Southerly line, 1016.99 feet; Course two, thence North 89°15'51" East, 33.00 feet; Course three, thence North 41°01'13" West, 78.66 feet to the Southwest corner of Tract 8, said Durbin Farms; thence North 89°16'07" East, departing said Northeasterly right of way line, and along the South line of said Tract 8, a distance of 1503.51 feet to the Southeast corner of said Tract 8, said corner also lying on said Southwesterly right of line of Old Dixie Highway; thence South 23°06'23" East, along said Southwesterly right of way line, 64.89 feet to the Point of Beginning.

Containing 14.73 acres, more or less.

Work Order No. 07-141
Nocatee

County Road No. 210
Abandonment Parcel 1

A portion of Section 2, Township 5 South, Range 28 East, St. Johns County, Florida, being more particularly described as follows:

For a Point of Reference, commence at the Southeast corner of said Section 2, thence South 89°05'52" West, along the Southerly line of said Section 2, a distance of 1763.12 feet; thence North 00°54'08" West, departing said Southerly line, 661.84 feet to a point lying on the Southeast corner of way line of County Road No. 210 (Palm Valley Road), a 100 foot right of way as presently established, said point also being the Point of Beginning.

From said Point of Beginning, thence South 71°43'27" West, along said Southeasterly right of way line of County Road No. 210, a distance of 580.12 feet to a point lying on the Easterly right of way line of Coastal Ridge Boulevard, a variable width right of way as presently established, said point being a point on a curve concave Northwesterly, having a radius of 2575.00 feet; thence Northeasterly, departing said Southeasterly right of way line, along said Easterly right of way line, and along the arc of said curve, through a central angle of 04°09'50", an arc length of 187.13 feet to a point on said curve, said point lying on the Northeasterly right of way line of said County Road No. 210, said arc being subtended by a chord bearing and distance of North 39°24'52" East, 187.09 feet; thence North 71°43'27" East, departing said Easterly right of way line and along said Northwesterly right-of-way line, 125.35 feet to a point on a curve concave Northerly, having a radius of 4900.00 feet, said point lying on the Southerly right of way line of Palm Valley Road, a 100 foot right of way as presently established; thence Easterly, departing said Northwesterly right of way line, along said Southerly right of way line, and along the arc of said curve, through a central angle of 37°15'28", an arc length of 315.63 feet to a point on said curve and the Point of Beginning, said arc being subtended by a chord bearing and distance of South 89°38'49" East, 131.05 feet.

Containing 0.68 acres, more or less.

Nocatee

County Road No. 210
Abandonment Parcel 2

A portion of Section 31, Township 4 South, Range 29 East, St. Johns County, Florida, being more particularly described as follows:

For a Point of Reference, commence at the Southwest corner of said Section 31, thence South 01°10'10" East, along the Westerly line of Section 6, Township 5 South, Range 29 East, said St. Johns County, a distance of 38.64 feet to a point lying on the Southeasterly right of way line of County Road No. 210 (Palm Valley Road), a 100 foot right of way was as presently established; thence North 55°22'18" East, departing said Westerly line and along said Southeasterly right of way line, 30.12 feet; thence North 55°19'25" East, continuing along said Southeasterly right of way line, 758.17 feet to a point lying on the Northerly right of way line of Preservation Trail, a variable width right of way as presently established, said point also being the Point of Beginning.

From said Point of Beginning, thence North 58°25'07" West, departing said Southeasterly right of way line of County Road No. 210 and along said Northerly right of way line of Preservation Trail, 24.96 feet to the point of curvature of a curve concave Southwesterly, having a radius of 956.00 feet; thence Northwesterly, continuing along said Northerly right of way line and along the arc of said curve, through a central angle of 05°09'39", an arc length of 86.11 feet to a point on said curve, said point lying on the Northwesterly right of way line of said County Road No. 210, said arc being subtended by a chord bearing and distance of North 60°59'55" West, 86.08 feet; thence North 55°19'25" East, departing said Northerly right of way line and along said Northwesterly right of way line, 4378.81 feet to a point lying on the Southerly right of way line of Nocatee Parkway, a variable width right of way as presently established; thence South 87°28'14" East, departing said Northwesterly right of way line and along said Southerly right of way line, 165.38 feet to a point lying on said Southeasterly right of way line of County Road No. 210; thence South 55°19'25" West, departing said Southerly right of way line and along said Southeasterly right of way line, 4462.31 feet to the Point of Beginning,

Containing 10.15 acres, more or less.

Exhibit 1
June 11, 2007

County Road No. 210
Abandonment Parcel 3

A portion of Sections 31 and 32, Township 4 South, Range 29 East, St. Johns County, Florida, being more particularly described as follows:

For a Point of Reference, commence at the Southwest corner of said Section 31, thence South 01°10'10" East, along the Westerly line of Section 6, Township 5 South, Range 29 East, said St. Johns County, a distance of 38.64 feet to a point lying on the Southeasterly right of way line of County Road No. 210 (Palm Valley Road), a 109 foot right of way as presently established; thence North 55°22'18" East, departing said Westerly line and along said Southeasterly right of way line, 30.12 feet; thence North 55°19'25" East, continuing along said Southeasterly right of way line, 6510.54 feet to a point lying on the Northerly right of way line of Nocatee Parkway, a variable width right of way as presently established, said point also being the Point of Beginning.

From said Point of Beginning, thence Westerly, departing said Southeasterly right of way line of County Road No. 210, along said Northerly right of way line of Nocatee Parkway, and along the arc of a curve, concave Northerly, having a radius of 4890.01 feet, through a central angle of 00°08'41", an arc length of 12.34 feet to a point on said curve, said arc being subtended by a chord bearing and distance of South 83°43'27" West, 12.34 feet; thence South 81°28'32" West, continuing along said Northerly right of way line and along a non-tangent bearing, 213.56 feet to a point lying on the Northwesterly right of way line of said County Road No. 210; thence North 55°19'25" East, departing said Northwesterly right of way line and along said Northwesterly right of way line, 63.13 feet to a point on a curve concave Northwesterly, having a radius of 345.25 feet, said point lying on the Southerly right of way line of Palm Valley Road, an 80 foot right of way as presently established; thence Easterly, departing said Northwesterly right of way line, along said Southerly right of way line, and along the arc of said curve, through a central angle of 43°47'58", an arc length of 263.92 feet to a point on said curve, said point lying on said Southeasterly right of way line of County Road No. 210; said arc being subtended by a chord bearing and distance of North 78°10'16" East, 257.55 feet; thence South 55°19'25" West, departing said Southeasterly right of way line and along said Southeasterly right of way line, 666.11 feet to the Point of Beginning.

Containing 1.39 acres, more or less.

Exhibit 1
A portion of Sections 2 and 11, Township 5 South, Range 28 East, St. Johns County, Florida, also being a portion of those lands described and recorded in Official Records Book 979, page 1810 of the public records of said county, being more particularly described as follows:

For a Point of Reference, commence at the centerline of Old Dixie Highway, and its intersection with the former centerline of County Road No. 210 (Palm Valley Road), thence South 39°51'39" East, along said centerline of Old Dixie Highway, 145.16 feet; thence North 46°59'43" East, departing said centerline, 33.05 feet to the Point of Beginning, said point lying on the Southerly right of way line of Coastal Ridge Boulevard, County Road No. 210, a variable width right of way as shown on the plat of Coastal Ridge Boulevard - Western Segment, as recorded in Map Book 58, pages 18 through 25 of said public records.

From said Point of Beginning, thence Northeasterly, along said Southerly right of way line, the following seven courses: Course one, thence North 00°46'04" East, 53.01 feet; Course two, thence North 41°35'40" East, 158.73 feet; Course three, thence North 55°29'30" East, 49.96 feet; Course four, thence North 41°35'40" East, 406.91 feet; Course five, thence North 48°24'20" West, 12.00 feet; Course six, thence North 41°35'40" East, 575.75 feet to the point of curvature of a curve concave Northwesterly, having a radius of 2575.00 feet; Course seven, thence Northeasterly, along the arc of said curve, through a central angle of 00°05'53", an arc length of 4.41 feet to a point on said curve, and its intersection with the former Southerly right of way line of Palm Valley Road, said arc being subtended by a chord bearing and distance of North 41°32'43" East, 4.41 feet; thence Northeasterly, departing said Southerly right of way line of Coastal Ridge Boulevard and along said former and present Southerly right of way line of Palm Valley Road, a 100 foot right of way, the following three courses: Course one, thence North 71°43'27" East, 707.53 feet to the point of curvature of a curve concave Northwesterly, having a radius of 909.92 feet; Course two, thence Northeasterly, along the arc of said curve, through a central angle of 16°21'09", an arc length of 259.69 feet to the point of tangency of said curve, said arc being subtended by a chord bearing and distance of North 63°32'53" East, 258.81 feet; Course three, thence North 55°22'18" East, 349.95 feet to a point lying on the Westerly right of way line of Walden Chase Lane, a variable width right of way as presently established, said point also being the
point of curvature of a curve concave Southwesterly, having a radius of 50.00 feet; thence Southeasterly, departing said Southerly right of way line and along said Westerly right of way line the following two courses: Course one, thence Southeasterly, along the arc of said curve, through a central angle of 90°43'03"", an arc length of 79.17 feet to the point of tangency of said curve, said arc being subtended by a chord bearing and distance of South 79°16'10" East, 71.15 feet; Course two, thence South 33°54'39" East, 407.26 feet to a point on the Southerly boundary of Conservation Easement 1 as described and recorded in Official Records Book 2940, page 1944, said public records; thence Southwesterly, departing said Westerly right of way line of Walden Chase Lane and along said Southerly boundary the following four courses: Course one, thence South 56°05'21" West, 39.29 feet; Course two, thence South 02°32'49" East, 28.15 feet; Course three, thence South 19°19'41" West, 89.33 feet; Course four, thence South 44°28'24" West, 73.90 feet; thence South 06°38'51" West, departing said Southerly boundary, 134.48 feet to a point lying on the Northerly boundary of those lands described and recorded in Official Records Book 2958, page 65, said public records; thence the following five courses along said Northerly boundary: Course one, thence South 06°38'33" West, 11.16 feet; Course two, thence South 70°01'06" West, 15.74 feet; Course three, thence North 63°13'55" West, 39.11 feet; Course four, thence North 81°11'26" West, 59.91 feet; Course five, thence North 37°16'22" West, 31.67 feet to the Northerly line of those lands described and recorded in Official Records Book 2958, page 68, said public records; thence the following six courses along the Northerly and Westerly boundary of said lands: Course one, thence North 03°26'55" West, departing said Northerly boundary of Official Records Book 2958, page 65, a distance of 28.79 feet; Course two, thence North 28°49'11" East, 29.65 feet; Course three, thence North 67°22'38" West, 104.66 feet; Course four, thence South 39°20'38" West, 256.14 feet; Course five, thence North 63°51'34" West, 90.10 feet; Course six, thence South 38°37'35" East, 375.22 feet to a point lying on the boundary of that certain ingress and egress easement as described and recorded in Official Records Book 2958, page 83 and Official Records Book 2958, page 88, said public records, said point lying on a curve concave Northeasterly and having a radius of 60.00 feet; thence the following three courses along the Westerly and Southerly boundary of said easement: Course one, thence Southeasterly, departing said Westerly boundary of Official Records Book 2958, page 68 and along the arc of said curve, through a central angle of 209°32'41"", an arc length of 219.43 feet to a point of reverse curvature, said arc being subtended by a chord bearing and distance of South 53°23'56" East, 116.03 feet; Course two, thence Northeasterly, along the arc of a curve concave Southeasterly and having a radius of 30.00 feet, through a central angle of 48°11'23"", an arc length of 25.23 feet to a point of tangency of said curve, said arc being subtended by a chord bearing and distance of North 45°55'25" East, 24.49 feet; Course three, thence North 70°01'06" East, 392.18 feet to a point lying on said Westerly right of way line of Walden Chase Lane; thence the following six courses along said Westerly right of way line: Course one, thence South 19°58'54" East, departing said Southerly easement line, 9.95 feet to a point on a curve concave Southerly and having a radius of 50.00 feet; Course two, thence Southeasterly, along the arc of said curve, through a central angle of 58°02'03"", an arc length of 50.64 feet to a point of reverse curvature, said arc being subtended by a chord bearing and distance of South 80°57'51" East, 48.51 feet; Course three, thence Southeasterly, along the arc of a curve
concave Northeasterly and having a radius of 120.00 feet, through a central angle of 26°04'07", an arc length of 54.60 feet to a point of reverse curvature, said arc being subtended by a chord bearing and distance of South 64°58'53" East, 54.13 feet; Course four, thence Southeasterly, along the arc of a curve concave Southwesterly and having a radius of 50.00 feet, through a central angle of 58°02'03", an arc length of 50.64 feet to the point of tangency of said curve, said arc being subtended by a chord bearing and distance of South 48°59'55" East, 48.51 feet; Course five, thence South 19°58'54" East, 353.77 feet to the point of curvature of a curve concave Westerly and having a radius of 283.00 feet; Course six, thence Southeasterly, along the arc of said curve, through a central angle of 30°12'35", an arc length of 150.27 feet to a point on said curve, said point lying on the Northerly boundary of Walden Chase Phase I - Unit Three, as recorded in Map Book 47, Pages 6 through 14, said public records, said arc being subtended by a chord bearing and distance of South 04°52'36" East, 148.53 feet; thence South 69°58'56" West, departing said Westerly right of way line of Walden Chase Lane and along said Northerly plat boundary, 1186.17 feet to the Southeasterly corner of those lands described and recorded in Official Records Book 1068, page 166, said public records; thence the following two courses along the Northeasterly and Northwesterly boundary lines of said lands: Course one, thence North 41°02'29" West, 760.00 feet; Course two, thence South 48°57'32" West, 947.13 feet to a point lying on the Northeasterly right of way line of said Old Dixie Highway; thence the following three courses along said Northeasterly right of way line: Course one, thence North 39°51'39" West, departing said boundary of Official Records Book 1068, page 166, a distance of 84.23 feet; Course two, thence North 50°08'21" East, 8.00 feet; Course three, thence North 39°51'39" West, 476.68 feet to the Point of Beginning.

Containing 59.32 acres, more or less.
Nocatee Business Park
C.R. 210 Parcel B

A portion of Section 2, Township 5 South, Range 28 East, St. Johns County, Florida, also being a portion of those lands described and recorded in Official Records Book 979, page 1810 of the public records of said county, being more particularly described as follows:

For a Point of Beginning, commence at the Southeasterly right of way line of Palm Valley Road (formerly County Road No. 210), a 100 foot right of way as presently established, and its intersection with the East line of said Section 2; thence South 00°39’22” East, along said East line of Section 2, a distance of 1350.00 feet to the Northerly right of way line of Badera Lane, an 80 foot right of way as recorded in plat of Walden Chase Phase One, Map Book 38, pages 87 through 104 of the public records of said county; thence South 70°01’06” West, departing said East section line and along said Northerly right of way line, 484.45 feet to a point of curvature of a curve concave Northerly and having a radius of 50.00 feet, said point lying on the Easterly right of way line of Walden Chase Lane, a variable width right of way as recorded in said plat of Walden Chase Phase One; thence the following seven courses along said Easterly right of way line: Course one, Westerly, along the arc of said curve, through a central angle of 58°02’03”, an arc length of 50.64 feet to a point of reverse curvature, said arc being subtended by a chord bearing and distance of North 89°37’51” West, 48.51 feet; Course two, thence Northwesterly, along the arc of a curve concave Southwesterly and having a radius of 120.00 feet, through a central angle of 26°04’07”, an arc length of 54.60 feet to a point of reverse curvature, said arc being subtended by a chord bearing and distance of North 64°58’53” West, 54.13 feet; Course three, thence Northwesterly, along the arc of a curve concave Northeasterly and having a radius of 50.00 feet, through a central angle of 58°02’03”, an arc length of 50.64 feet to a point of tangency of said curve, said arc being subtended by a chord bearing and distance of North 48°59’55” West, 48.51 feet; Course four, thence North 19°58’54” West, 203.40 feet to a point of curvature of a curve concave Southwesterly and having a radius of 540.00 feet; Course five, thence Northwesterly along the arc of said curve, through a central angle of 13°55’45”, an arc length of 131.28 feet to a point of tangency of said curve, said arc being subtended by a chord bearing and distance of North 26°56’46” West, 130.96 feet; Course six, thence North 33°54’39” West, 493.97 feet to a point of curvature of a curve concave Southeasterly and having a radius of 50.00 feet; Course seven, thence Northeast by, along the arc of said curve, through a central angle of 89°16’57”, an arc length of 77.91 feet to a point of tangency, said point lying on said Southeast by right of way line of Palm Valley Road, said arc being subtended by a chord bearing and distance of North 10°43’50” East, 70.27 feet;
thence North 55°22'18" East, departing said Easterly right of way line of Walden Chase Lane and along said Southeasterly right of way line of Palm Valley Road, 1172.43 feet to the Point of Beginning.

Containing 21.50 acres, more or less.
TRACTS "A", "B", "C", "D", "E" (Parcel 1 and Parcel 2), "F", "G", "H" (Parcel 1 and Parcel 2) described above are less and except the following described Nocatee Preserve Parcel:

A parcel of land lying in a portion of unsurveyed Section 34 and a portion of Section 57, the William Travers Grant all lying within Township 4 South, Range 29 East, St. Johns County, Florida, together with all of fractional Sections 3 and 10, and all of Section 66, the William Travers or Smith Grant, together with a portion of fractional Sections 4, 9, 15, and 16, unsurveyed Sections 3, 10 and 15, a portion of Section 39, the Hannah Smith Grant, a portion of Section 82, the William Travers Grant, a portion of Section 65, the William Travers Grant, all lying within Township 5 South, Range 29 East, St. Johns County, Florida and being more particularly described as follows:

For a Point of Reference, commence at the corner common to Sections 19, 20, 29 and 30 of said Township 3 South, Range 29 East; thence North 89°09'44" East, along the dividing line of said Sections 20 and 29, a distance of 200.00 feet to a point; thence North 00°53'59" West, departing said dividing line, a distance of 21,013.50 feet; thence North 89°28'18" East, 7845.55 feet to the Point of Beginning.

From the Point of Beginning, continue thence North 89°28'18" East, 2002.82 feet to a point; thence North 49°45'40" East, 2486.26 feet more or less to a point lying on the Westerly Mean High Water Line of the Tolomato River; thence Northeasterly along the meanderings of said Westerly Mean High Water Line, 1,536 feet, more or less to a point which bears North 49°45'40" East and lies 891.44 feet distant from last said point; thence continue North 49°45'40" East, 538.42 feet more or less to a point lying on the Westerly line of the Florida East Coast Canal (Interoastal Waterway) as depicted on plat thereof, recorded in Map Book 4, Pages 68 through 78 of the Public Records of said County; thence South 25°27'19" East, along said Westerly line, 658.77 feet more or less to an intersection with said Westerly Mean High Water Line of the Tolomato River; thence, departing said Westerly canal line, Southwesterly, Southerly and Northeasterly, along meanderings of said Westerly Mean High Water Line, 4890 feet, more or less to an intersection with said Westerly line of said canal which bears South 25°27'19" East and lies 882.67 feet distant from last said point; thence South 25°27'19" East, along said Westerly canal line, 475.74 feet more or less to an intersection with said Westerly Mean High Water Line of the Tolomato River; thence Southerly along the meanderings of said Westerly Mean High Water Line, 33,300 feet more or less, to its convergence with the Northerly Mean High Water Line of the Northerly prong of Smith Creek which bears South 12°08'19" West and lies 6736.64 feet distant from last said point; thence Northwesterly, along the meanderings of said Northerly Mean High Water Line of Smith Creek, 6340 feet more or less to its convergence with the Southernly Mean High Water Line of said Northerly prong of Smith Creek which bears North 50°09'25" West and lies 2947.50 feet distant from last said point; thence Southeasterly, along the meanderings of said Southerly Mean High Water Line, 4590 feet more or less to its convergence with the Northerly Mean High Water Line of the Southerly prong of said Smith Creek which bears South 44°01'31" East and lies 2750.85 feet distant from last said point; thence Southwesterly, along said Northerly Mean High Water Line, 3210 feet more or less to its convergence with the Southernly Mean High Water Line of said Southernly prong of Smith Creek which bears South 59°59'47" West and lies 1535.26 feet distant from last said point; thence Northeasterly, along the meanderings of said Southerly Mean High Water Line, 4,950 feet more or less to its convergence with said Westerly Mean High Water Line of said Tolomato River which bears North 78°09'08" East and lies 2692.17 feet distant from last said point; thence Southerly along the meanderings of said Westerly mean high water line, 59,030 feet, more or less, to its intersection with the Northerly line of that portion of the Interoastal Waterway described and recorded in Deed Book 193, Page 387 (Parcel RWN 231-B) of the Public Records of St. Johns County, Florida which bears South 11°08'21" East and lies 7496.55 feet distant from last said point; thence North 53°26'01" West, along said Northeasterly line, 251.36 feet more or less to an intersection with said Westerly mean high water line; thence Northeasterly, Northwesterly and Southwesterly departing said Northeasterly line of Parcel RWN 231-B, and along said Westerly Mean High Water Line of the Tolomato River, 190 feet, more or less, to an intersection with the Northwesterly line of said parcel which bears South 56°09'33" West and lies 132.37 feet distant from last said point; thence South 36°33'58" West, along said Northwesterly line of Parcel RWN 231-B, 78.19 feet, more or less, to the...
Northwesterly corner thereof; thence South 07° 36' 28" East, along the West line of said parcel, 72.81 feet, more or less, to an intersection with said Westerly Mean High Water Line of the Tolomato River; thence Northwesterly, Southwesterly, Southerly and Easterly along the meanderings of said Westerly mean high water line, 2025 feet, more or less, to an intersection with said West line of Parcel RWN 231-B which bears South 07° 36' 28" East and lies 228.65 feet distant from last said point; thence continue South 07° 36' 28" East, departing said Westerly Mean High Water Line of the Tolomato River, along said West line of Parcel RWN 231-B, a distance of 1558.54 feet, more or less, to the Southwest corner of said parcel, said point also lying on the Easterly prolongation of the line dividing said Section 15 and Section 22 of said Township S South, Range 19 East, thence South 88° 59' 50" West, along said Easterly prolongation and along said line dividing Sections 15 and 22, a distance of 2392.50 feet more or less to its intersection with the Northerly Mean High Water Line of Deep Creek; thence Northwesterly, along the meanderings of said Northerly Mean High Water Line, 969 feet, more or less to a point which bears North 40° 12' 46" West and lies 661.31 feet distant from last said point; thence North 03° 47' 40" East, departing said Northerly Mean High Water Line of Deep Creek, 162.25 feet more or less; thence sequentially, along the following ninety-five (95) line courses to the Point of Beginning:

Less and except any portions thereof lying within the lands described and recorded in Deed Book 193, Page 387 (Parcel RWN 231-B), and the lands depicted in Map Book 4, Pages 68 through 78 of the Public Records of said county.
EXHIBIT 2

Modifications to Nocatee DRI Development Order Text
13. Precise Language Proposed to be Added to the Development Order (changes shown in underline and strikeout unless indicated otherwise):

A. Modify section 31 of the St. Johns County Development Order as follows:

Recreation and Open Space

(a) By the end of each Phase, the Developer shall have constructed and opened for use within St. Johns County neighborhood and community parks in the following amounts: (1) during Phase I, 82.5 acres; (2) during Phase II, 33.3 acres; (3) during Phase III, 42.6 acres; (4) during Phase IV, 44.4 acres; and (5) during Phase V, 47.2 acres, for a total of 250 acres. Of these acreages, at least 150 acres shall be community parks, with the remainder in neighborhood parks. Park improvements may include recreation facilities such as tennis and swim centers, YMCA facilities, sports academies, and training centers, athletic complexes, playgrounds, community centers, trails, public parks, and squares, and passive parks and do not include the Nocatee Greenway and Preserve. Neighborhood and community parks will be constructed simultaneously with residential development within each Phase. The Developer shall seed and grade each park, and provide for sufficient parking for the community parks. The Developer shall be responsible for providing any park improvements such as ballfields, playgrounds, etc., as determined necessary by the Director of the St. Johns County Department of Parks, Recreation and Entertainment.

(b) The St. Johns County portion of the Town Center Village shall contain a minimum 75 acre community park with athletic facilities, including soccer fields. This park will be constructed by the Developer during Phase I. South Village shall contain a minimum 25 acre community park, and Old Bluff Village shall contain a minimum 10 acre community park.

(c) Each village will have a central community park in or adjacent to a village center which will contain a minimum of ten (10) acres. These community parks will...
contain active recreation areas and may include with athletic fields, tennis and swim centers, athletic complexes, YMCA facilities, sports academies and training centers, playgrounds, community centers, trails, public parks, and squares, and passive parks. Smaller neighborhood parks will be located throughout the neighborhoods located within villages. Neighborhood parks may be ballfields, play areas, tot lots, playgrounds, passive open space or a combination of such elements. Greenways and conservation areas in villages are not considered parks. The community parks will be open to the general public, while the neighborhood parks will be oriented to surrounding neighborhoods.—All dwellings within Nocatee shall be within one-quarter (1/4) mile walking distance of a neighborhood park, community park or a greenway. No dwelling unit shall be more than one-half (1/2) mile from a neighborhood or a community park. However, the 1/4 and 1/2 mile requirements may be met by portions of the Greenway, neighborhood parks, or community parks located in Duval County.

(d) Neighborhood parks will be owned and maintained by the Developer, Community Development District (CDD) or a property owners association. The County may opt to own and maintain the community parks. Should the County forego this opportunity, community parks shall be owned and maintained by the Developer or its assignee, a CDD, or property owners association. The Developer shall locate community parks adjacent to proposed school sites, whenever possible, in order to meet co-location criteria set forth in section 163.3177(6)(a), Florida Statutes.

B. Modify Section 29 of the City of Jacksonville Development Order as follows:

Recreation and Open Space. By the end of each phase, the Developer shall have constructed and opened for use within the Jacksonville portion of Nocatee neighborhood parks and a community park in the following amounts: (a) for Phase I, 2 acres; (b) for Phase II, 19 acres; (c) for Phase III, 14 acres; (d) for Phase IV, 21 acres; and (e) for Phase V, 4 acres; for a total of sixty
(60) net developable acres at buildout. However, non-residential development may continue into subsequent phases without the need for this requirement to be met. Community Park improvements may include recreation facilities such as tennis and swim centers, YMCA facilities, sports academies, and training centers, athletic complexes, playgrounds, community centers, trails, public parks, and squares, and passive parks and do not include the Nocatee Greenway and Preserve. Split Pine Village or the Jacksonville portion of the Town Center Village will have a central community park in or adjacent to a village center of at least 14 acres, consisting of an active recreation area and may include with athletic fields, tennis and swim centers, athletic complexes, YMCA facilities, sports academies and training centers, playgrounds, community centers, trails, public parks, and squares, and passive parks. Use of community parks for commercial recreational uses (including but not limited to YMCAs and sports academies) is subject to review and approval by the City of Jacksonville's Director of Recreation and Community Services, pursuant to terms and conditions to be provided as part of the Nocatee Planned Unit Development approval. Neighborhood parks may be ballfields, play areas, tot lots, playgrounds, passive open space or a combination of such elements. Greenways and conservation areas in villages are not considered parks. The community park will be open to the general public while the neighborhood parks will be oriented to surrounding neighborhoods. All dwellings within Nocatee shall be within one-quarter (1/4) mile walking distance of a neighborhood park, community park or a greenway. No dwelling unit shall be more than one-half (1/2) mile from a neighborhood or a community park. However, the ¼ and ½ mile requirements may be met by portions of the Greenway, neighborhood parks, or community parks located in St. Johns County. Neighborhood parks will be owned and maintained by the Developer or its assignee, a Community Development District (CDD) or a property owners
association. Community parks may be owned and maintained by the City, the Developer or its assignee, a CDD or a property owners association.

C. Modify Section 16(a) of the Special Conditions of the St. Johns County Development Order and the Special Conditions of the City of Jacksonville Development Order as shown in underline and strikeout format below:

**Vegetation and Wildlife.**

(a) **Nocatee Preserve.**

(i) **Conveyance.** Owner shall convey, free of liens and encumbrances, except as specifically provided for herein, by Special Warranty Deed, the Nocatee Preserve consisting of approximately 1,630 acres lying above the mean high water line as legally described on Exhibit 5 and additional acreage below the mean high water line (the "Preserve"), to St. Johns County (the "County"), prior to commencement of construction of improvements within the Nocatee DRI. Any acreage within the Preserve which is below the mean high water line shall be conveyed by Quitclaim Deed. Commencement of construction shall be evidenced by the filing of a Construction Commencement Notice delivered to the St. Johns River Water Management District (the "District") as required under the first Environmental Resource Permit ("ERP Permit") to be applied for and issued by the District for development within any village (including South Village) or the Town Center Village within Nocatee (the "Commencement Date"). Conveyance of the Preserve lands above the mean high water line shall be subject to deed restrictions and conservation easements in such form as required by the District under the Nocatee Preserve Management Plan to be approved by the District as part of the ERP Permit and as otherwise required by the ERP Permit and the permit(s) issued by the U.S. Army Corps of Engineers (the "Corps Permit"). Further, such deed restrictions contained in the conveyance from the Owner to the County shall limit the uses of the Preserve to conservation and recreational uses that are compatible with management of the
Preserve as a conservation area. In the event of a substantial violation of the deed restrictions, Owner shall have the right to exercise a right of re-entry which right of re-entry shall be effective for up to the maximum period allowed by law; provided, however, as a condition to such exercise, the Owner shall provide the County with written notice of any such substantial violation which shall include a description of the nature of the violation and the County shall have a period of sixty (60) days to effect a cure.

(ii) **Access.** At the time of conveyance of the Preserve, the Owner shall also (i) convey a non-exclusive relocatable access easement from County Road 210 through Nocatee to a point on the eastern boundary of the Nocatee site for public access to the Preserve and (ii) obtain a non-exclusive relocatable easement for the benefit of the County over adjacent property between the eastern boundary of Nocatee and the north entrance of the Preserve. The fee owners will retain the right to relocate the north access easements provided that equivalent access easements are substituted, including an equivalent level of access improvements existing on the previous access easements. Within three (3) months of the Commencement Date, Developer shall stabilize and gate the north access road between County Road 210 and the north entrance to the Preserve, located within the access easements referenced above. The south access drive shown on Exhibit 2 shall be stabilized by the Developer between the proposed Crosswater Parkway and the westerly boundary of the Preserve not later than such time as the completion of Crosswater Parkway down to the intersection with Snowden Parkway, within six (6) months of the platting of the entire Crosswater Parkway. The County shall be responsible for maintaining a gate or other security to control access to the Preserve.

(iii) **South Access to the Preserve.** Developer shall also provide a stabilized road as public access to the southern end of the Preserve (Spanish Landing) which shall be constructed and opened to the public prior to the completion of the Racetrack Road.
Extension. At the option of the Developer, this access shall be from either Pine Island Road at the southern boundary of Nocatee or from the north extending from the Town Center Village. Developer shall grant a temporary and non-exclusive easement to the County over the selected access for public access to the Preserve. The road shall utilize existing timber trail roads where possible. Reasonable guidelines will be provided for in the easement to control public access including hours of operation and to ensure public use of the Preserve in accordance with the Preserve Management Plan. The easement will also provide for the County to maintain the temporary access road. The temporary access road and easement may be relocated from time to time by the Developer and shall be ultimately replaced by a permanent dedicated access road coincident with the development of Crosswater Village.

(iv) Preserve Management Plan. The proposed Nocatee Preserve Management Plan shall be provided to and reviewed by the County when it is submitted by the Developer to the District during the ERP Permit application process. To the extent that the Nocatee Preserve Management Plan requires action, activities, or otherwise binds St. Johns County to undertake some action, the County shall have approval authority over those activities prior to adoption of this Preserve Management Plan. Otherwise, the District shall be responsible to finally determine the terms of the Preserve Management Plan. The Nocatee Preserve Management Plan shall include provisions for uniform signage and architectural standards, as mutually agreed upon by the Developer and St. Johns County, to be consistent with the design standards for Nocatee. The adopted Nocatee Preserve Management Plan shall include specific, ecologically based forestry and land management practices that will enhance and preserve the natural plant communities and wildlife within the Preserve. The Preserve Management Plan shall include specific techniques for wetland and upland preservation, enhancement, and
restoration. No material modifications to the Nocatee Preserve Management Plan will be implemented without the consent of the County, the Developer, and the District.

(v) **Management.** Prior to commencement of vertical development within Nocatee and prior to public access to the Preserve, whichever comes first, the Nocatee Preserve Management Plan must also be in place. Prior to public use of the Preserve, the entity identified for management and operations of the Preserve must be identified, and which shall be subject to approval by the Developer, if other than the County. Once the Preserve is conveyed to the County, the County shall be responsible for all maintenance and access control.

(vi) **Environmental Learning Center.** An environmental learning center may be located either at a north activity center area or a south activity area which, if developed, will be operated consistent with the approved Nocatee Preserve Management Plan.

D. Modify Section 17 of the Special Conditions of the City of Jacksonville Development Order as shown in underline and strikeout format below:

**Wetlands.** Up to 474562 acres of wetland impacts may occur within the Nocatee DRI, including impacts of transportation improvements to be constructed by the Developer east of U.S. 1, provided that the necessary permits are obtained from the District and the U.S. Army Corps of Engineers. As mitigation for these proposed wetlands impacts, approximately 8,000 at least 9,000 acres of uplands and wetlands will be preserved in the Greenway, the Preserve and within preserved jurisdictional wetlands in the villages and Town Center Village, constituting a regionally significant plan of mitigation. Wetlands restoration, enhancement, and creation activities, as well as restoration of portions of the pine plantation areas, will also be included as part of the mitigation plan under the District ERP Permit and Corps Permit. Restored pine plantation areas shall be subject to a conservation easement. The Developer shall provide St. Johns County up to 68 acres within the Greenway to be designated as mitigation for County
improvements to the intersection of County Road 210 and Mickler Road, provided that the
District and Corps shall determine such mitigation to be consistent with the ERP Permit and
Corps Permit for Nocatee and such area shall remain part of the Greenway system and wetlands
mitigation plan for Nocatee subject to the Greenway Mitigation Plan. Upland buffers from
adjacent preserved isolated wetlands within the Nocatee DRI shall be a minimum of 15 feet
measured from the District wetland jurisdictional line and consist of an average of 25 feet. All
turf areas associated with golf courses and contiguous (non-isolated) wetlands shall have a
minimum upland buffer of 25 feet measured from the District wetland jurisdictional line. For all
other preserved wetlands, there shall be a minimum 25-foot upland buffer measured from the
District wetland jurisdictional line. Buffer vegetation may be trimmed where necessary to
control or eliminate exotic vegetation to enhance or maintain quality habitat for wildlife in
accordance with the Greenway Management Plan and to reduce the risk of wildfires.

E. Modify Section 17 of the Special Conditions of the St. Johns County Development
Order as shown in underline and strikeout format below:

**Wetlands.** Up to 474562 acres of wetland impacts may occur within the Nocatee
DRI, including impacts of transportation improvements to be constructed by the Developer east
of U.S. 1, provided that the necessary permits are obtained from the District and the U.S. Army
Corps of Engineers. As mitigation for these proposed wetlands impacts, approximately 8,000-at
least 9,000 acres of uplands and wetlands will be preserved in the Greenway, the Preserve and
within preserved jurisdictional wetlands in the villages and Town Center Village, constituting a
regionally significant plan of mitigation. Wetlands restoration, enhancement, and creation
activities, as well as restoration of portions of the pine plantation areas, will also be included as
part of the mitigation plan under the District ERP Permit and Corps Permit. Restored pine
plantation areas shall be subject to a conservation easement. The Developer shall provide the
County up to 68 acres within the Greenway to be designated as mitigation for County improvements to the intersection of County Road 210 and Mickler Road, provided that the District and Corps shall determine such mitigation to be consistent with the ERP Permit and Corps Permit for Nocatee and such area shall remain part of the Greenway system and wetlands mitigation plan for Nocatee subject to the Greenway Mitigation Plan. The Nocatee Preserve includes approximately 1,630 acres lying above the mean high water line of the Tolomato River. The Nocatee Greenway consists of 4,981.5091 acres of which 960.979 acres are uplands. These commitments provide reasonable assurance that the project complies with the County's objectives to protect wetlands and upland buffers and their associated ecological functions and values, including protection of water quality, protections against turbidity and provision of adequate upland habitat for wetland-dependent wildlife. Accordingly, the provisions for buffers as contained within the Nocatee DRI and to be implemented as part of this Development Order are protected by the principles of equitable estoppel and vested rights and these provisions shall control the buffer requirements to be implemented as part of this Development Order and PUD notwithstanding alternative provisions for upland buffers adopted in the future as part of the amendments to the County Land Development Regulations to expand upland buffers currently under consideration by the County.

(a) Upland buffers from adjacent preserved isolated wetlands within Nocatee DRI shall be a minimum of 15 feet measured from the District wetland jurisdictional line and consist of an average of 25 feet. All turf areas associated with golf courses and contiguous (non-isolated) wetlands shall have a minimum upland buffer of 25 feet measured from the District wetland jurisdictional line. Further, there shall be a minimum 100-foot upland buffer from Deep, Durbin, Smith and Sweetwater Creeks measured from the wetland jurisdictional line where the wetlands are adjacent to the mean high water lines of these creeks as graphically depicted on
Exhibit 8. No development will be allowed within this 100-foot buffer area except for utility crossings and one wildlife overpass at Durbin Creek. For all other preserved wetlands, there shall be a minimum 25-foot upland buffer measured from the District wetland jurisdictional line, except that for the portion of the DRI known as the HyDry Parcel, described in Exhibit 20, the buffer requirements shall be as described in Section 17(b) below.

(b) For the HyDry Parcel only, as such parcel is described in Exhibit 20, the upland buffer requirements shall be as described in this paragraph and in Section 17(c) below. A natural vegetative upland buffer having a minimum average width of fifty (50) feet shall be required and maintained between developed areas within the HyDry Parcel and jurisdictional wetlands bordering the Intracoastal Waterway. This requirement shall also apply to the portions of tributaries, streams, or other water bodies connected to the ICW. Such portions of these tributaries, streams, or other water bodies shall be established by the mean high water line of the applicable tributary, stream or other water body and such mean high water line shall be depicted on all Site Plans, development plans, and other documents submitted to the County for development permits. The fifty (50) foot upland buffer shall be measured from the jurisdictional wetland line as established by the St. Johns River Water Management District. It is the objective of this requirement that a minimum average fifty (50) foot upland buffer be established in all areas described in this paragraph above except for those circumstances where an averaging of the buffer width, because of an unavoidable buffer reduction, achieves a greater overall upland buffer width. In no instance shall this upland buffer be less than twenty-five (25) feet, except for those areas adjacent to unavoidable wetland impacts and as provided in Section 17(c) below. For all other preserved wetlands within the HyDry Parcel, there shall be a minimum 25 foot upland buffer measured from the St. Johns River Water Management District wetland jurisdictional line and a 25 foot building setback from that buffer. In all cases, the applicable buffer shall be
depicted on all Site Plans, development plans and other documents submitted to the County for
development permits. All native vegetation shall be preserved within the upland buffers required
by this paragraph; provided, however, that in buffers along the Intracoastal Waterway, limited
trimming to create vistas shall be allowed. When the HyDry Parcel is incorporated into the
Nocatee PUD, the PUD shall be modified to include a requirement that a trimming plan
acceptable to St. Johns County be in place prior to the platting of any lots within HyDry.
Notwithstanding the above, the minimum amount of clearing of upland and wetland vegetation
necessary to construct a dock or other improvement to provide access to navigable waters in
accordance with a validly issued unexpired permit from an agency having jurisdiction will be
allowed in areas where an upland buffer is required. Such docks remain subject to applicable
rules and regulations of the St. Johns River Water Management District, the Department of
Environmental Protection and the U.S. Army Corps of Engineers. Further, the buffer
requirements in this paragraph are subject to the provisions of section 17(c) below.

(c) Buffer vegetation may be trimmed where necessary to control or eliminate
exotic vegetation to enhance or maintain quality habitat for wildlife in accordance with the
Greenway Management Plan and to reduce the risk of wildfires. Notwithstanding anything in this
Section above to the contrary, no upland buffer is required between jurisdictional wetlands and
the following: (i) road crossings; (ii) public infrastructure and utility crossings or rights-of-way
that are related to transmission or conveyance of a service; (iii) a wetland impact as permitted by
state and/or federal regulating agencies; (iv) berms associated with stormwater ponds placed
adjacent to jurisdictional wetlands, provided that the portion of such berms that faces a wetland
shall be planted exclusively with plants native to the original ecological community; and (v)
necessity similar to the circumstances in (i)-(iv) above, where the requirement for an upland
buffer would eliminate all reasonable uses of the property.
F. Add new section 33A to the St. Johns County Development Order and new Section 31A to the City of Jacksonville Development Order as follows:

The Players Championship Event Parking. Event parking accommodating up to 7,500 vehicles may be provided within Nocatee for The Players Championship, a professional golf tournament held in Ponte Vedra Beach. Event parking may be co-located within a Community Park and owned by the PGA Tour, a not-for-profit affiliate, the developer, CDD, homeowners association, or St. Johns County and if constructed, it shall be deemed to count towards the minimum community parks requirements for Nocatee. This community park may be closed for up to three weeks per year to provide for event parking for The Players Championship golf tournament. Additional lands may be used for event parking associated with The Players Championship within Nocatee.

G. Modify section 20(b) of the City of Jacksonville Development Order and section 21(b) of the St. Johns County Development Order as follows:

Water Supply.

(b) Reuse. Irrigation demands within Nocatee shall be met using reuse water, except that this requirement shall not apply to the Nocatee Business Park Parcels added to the DRI (approximately 80.8 acres), nor shall reuse be required to apply to situations in which reuse as an irrigation source is either prohibited or inadvisable, as determined by the utility provider in consultation with the Developer, in which case potable water sources may be used for irrigation. Reuse water shall consist of the following sources:

(i) Wastewater effluent treated to Public Access standards and delivered to the end user by the utility provider.

(ii) Stormwater.
H. Modify section 16(b) of the City of Jacksonville Development Order as follows:

**Greenway.** The Nocatee Greenway is shown on the Master Plan, Exhibit 2 (the "Greenway"). The Greenway shall be placed under conservation easements in the form required by the St. Johns River Water Management District in phases as part of the ERP Permit for portions of the Nocatee project. The first conservation easement for the initial portion of the Greenway shall be conveyed not later than 180 days after the Commencement Date. The Greenway shall be subject to a Greenway Management Plan, to be approved by the District as part of the ERP Permit. The proposed Greenway Management Plan shall be provided by the Developer to the Planning Departments of the City, St. Johns County, the Northeast Florida Regional Planning Council, and the Florida Fish and Wildlife Conservation Commission when it is submitted to the District during the ERP Permit application process for their review and comment, provided that the District shall be responsible to finally determine the terms of the Greenway Management Plan. Allowable uses of the Greenway shall include conservation, passive recreation, drainage features, silvicultural activities designed to achieve conservation objectives (including prescribed burns), road crossings, utilities, and limited parking for users of the Greenway. The precise boundaries of the Greenway may be adjusted at the time each conservation easement is conveyed to the District, provided that the total acreage of the Nocatee Greenway (in St. Johns County and the City of Jacksonville) shall be not less than 4,984.5.091 acres and include at least 969.979 acres of uplands at buildout. Vegetation bordering the Greenway may be trimmed, consistent with the Nocatee Greenway Management Plan, to control or eliminate exotic vegetation and to control understory growth to reduce the risks of wildfires.
I. Modify section 16(b) of the St. Johns County Development Order as follows:

**Greenway.** The Nocatee Greenway is shown on the Master Plan, Exhibit 2 (the "Greenway"). The Greenway shall be placed under conservation easements in the form required by the St. Johns River Water Management District in phases as part of the ERP Permit for portions of the Nocatee project. The first conservation easement for the initial portion of the Greenway shall be conveyed not later than 180 days after the Commencement Date. The Greenway shall be subject to a Greenway Management Plan, to be approved by the District as part of the ERP Permit. The proposed Greenway Management Plan shall be provided to the Planning Departments of the County and the City of Jacksonville, the Northeast Florida Regional Planning Council, and the Florida Fish and Wildlife Conservation Commission when it is submitted to the District during the ERP Permit application process for their review and comment, provided that the District shall be responsible to finally determine the terms of the Greenway Management Plan. Allowable uses of the Greenway shall include conservation, passive recreation, drainage features, silvicultural activities design to achieve conservation objectives (including prescribed burns), road crossings, utilities, and limited parking for users of the Greenway and shall be subject to approval by the County as part of the Planned Unit Development application for Nocatee with specific design and location approved as part of construction plan review. The precise boundaries of the Greenway may be adjusted at the time each conservation easement is conveyed to the District, provided that (i) the total acreage of the Nocatee Greenway (in St. Johns and the City of Jacksonville) shall be not less than 4,984,508.911 acres and include at least 966,279 acres of uplands at buildout; and (ii) no boundary adjustments may be made to decrease the 100-foot buffers adjacent to the mean high water line of Smith Creek, Deep Creek, Durbin Creek, and Sweetwater Creek, as provided for in section 17 below.
Vegetation bordering the Greenway may be trimmed, consistent with the Nocatee Greenway Management Plan to control or eliminate exotic vegetation and to control understory growth to reduce risks of wildfires.

J. Modify section 2 of the St. Johns County Development Order as follows:

**Land Use Totals.** The DRI may be developed with the following improvements within St. Johns County: 2,872,000 square feet, 336 acres of office uses; 968,000 square feet, 150 acres and 3900 parking spaces for retail commercial uses; 250,000 square feet, 29 acres and 500 parking spaces for light industrial uses; 12,579 total dwelling units, comprising 8,811 single family units, 3,228 multi-family units (including single-family attached units), and 540 assisted living units; 54 golf course holes, 485 hotel rooms, 5,531 acres of recreation/open space (including, but not limited to, parks, the Greenway, and golf courses), churches, schools, and civic uses. The portion of the DRI known as the Intracoastal Frontage within the HyDry Parcel, depicted on the Intracoastal Frontage map attached in Exhibit 21, shall be limited to a maximum of 104 single family detached units. The golf courses may be constructed in Oak Hammock Village, Crosswater Village and/or Twenty Mile Village. The Master Plan for the St. Johns County and City of Jacksonville portions of Nocatee includes a Town Center Village, a secondary town center known as South Village, seven (7) other villages, and up to two (2) village centers in each village. Village centers may include limited intensity office and retail commercial uses. The specific location of all land uses will be determined through the PUD approval process.

K. Modify section 4 of the St. Johns County Development Order as follows:

**Land Use Conversion.** The Developer may increase certain land uses and simultaneously decrease other land uses without filing a Notice of Proposed Change or other modification of this Development Order, provided that such changes are consistent with the
Conversion Tables attached as Exhibit 4. However, the Developer cannot convert nonresidential uses to residential uses during the first two (2) Phases of the Project, except the Developer can convert golf hole uses to residential uses consistent with the Conversion Table attached as Exhibit 4 in Phases I and II. For purposes of this conversion prohibition, assisted living units are considered residential units.

(a) At the time of election of a land use conversion under the Conversion Table, the Developer shall notify the Department of Community Affairs (the "DCA") and the NEFRPC of the election and shall provide the DCA, the County and the NEFRPC with cumulative land use totals and remaining allowable quantities in the annual biennial report.

(b) So long as the conversion is consistent with the criteria contained in Exhibit 4 and no change is made to the Master Plan, Map H, no additional DRI approvals shall be required for the conversion.

L. Modify Section 4 of the City of Jacksonville Development Order as follows:

**Land Use Conversion.** The Developer may increase certain land uses and simultaneously decrease other land uses without filing a Notice of Proposed Change or other modification of this Development Order, provided that such changes are consistent with the Conversion Tables attached as Exhibit 4; however, the Developer cannot convert nonresidential uses to residential uses during the first two (2) Phases of the Project. For purposes of this conversion prohibition, assisted living units are considered residential units.

(a) At the time of election of a land use conversion under the Conversion Table, the Developer shall notify the Department of Community Affairs (the "DCA") and the NEFRPC of the election and shall provide the DCA, the City and the NEFRPC with cumulative land use totals and remaining allowable quantities in the annual biennial report.
(b) So long as the conversion is consistent with the criteria contained in Exhibit 4 and no change is made to the Master Plan, Map H, no additional DRI approvals shall be required for the conversion.

M. Modify Section 29 of the St. Johns County Development Order as follows:

**Police and Fire Protection.** The Developer shall convey two one fire station sites, free and clear of liens and encumbrances, of up to two (2) net developable acres each at a mutually acceptable locations to St. Johns County and the Developer during Phase I or thereafter. Such sites shall conform to generally accepted fire safety standards designed in part to minimize fire insurance rates within the development. Construction of the first fire station is expected to be necessary no later than the end of Phase II. The Developer will provide as part of the annual biennial Monitoring Report a summary of Fire and EMS impact fees paid by the development with a summary of types and location of structures developed. The County shall use this information, annually biennially, to evaluate the need and determine the best location and timing of this facility. The Developer will encourage the County to promote the development of the first station based on the analysis and County public safety standards. At such time the County has determined there exists a need for this facility and at such time as sufficient funds are available to the County for construction, the County will construct or cause to be constructed the fire station. The Developer will also convey free and clear of liens and encumbrances one (1) net developable acre to the St. Johns County Sheriff’s Office for the placement of a police substation at a mutually acceptable location to St. Johns County and the Developer. The land will be provided upon request of the County or the County Sheriff’s Office, no later than the beginning of Phase V of development. For each the fire station site and the police substation site, the Developer will either provide stormwater treatment through a centralized stormwater treatment
system located off-site or will convey additional acreage upon which sufficiently sized stormwater treatment areas for the site may be located.
